

Pharmacy Technician

Alexander Ave, SA

- Hospital client focus
- Job variety
- Full time role

We have an exciting opportunity for a passionate individual to take on a pharmacy support role in our Private Hospital department located at Alexander Ave. Under the general direction of a Pharmacist, Pharmacy Technicians provide support in a comprehensive range of clerical and technical functions involved in dispensing and supply of medicines in accordance with company policy and practice. We are looking for a special individual who has an eye for detail and exceptional customer service skills.

As a Level 3 Pharmacy Technician, you will be required to consult with dispensing Pharmacists and Nursing staff and assist in the maintenance and improvement of the drug distribution system. This role involves supporting and assisting Pharmacists in the day to day operations of the Hospital Pharmacy, ensuring optimum patient outcomes. Duties may be rotated throughout the team, such as dispensing, imprest and script coordination.

Pharmacy experience and strong dispensing skills are essential for success in this role. Experience in hospital pharmacy will be highly regarded, as will experience in the health industry. Applicants must have a current driver's licence and the ability to drive a manual car.

To take a positive step in your career, apply now for this outstanding opportunity.

To apply, please send your resume with a cover letter quoting reference number HPS354 to jobs@hospharm.com.au by 3 September 2010.
